

Accommodation Review Committee Meeting January 25,2010  
Ridgetown Area of Schools  
Questions and Answers Following the Meeting

**Question**

**With over crowing in Petrolia schools would it not make sense to change boundaries to move students from Petrolia to Lambton Centennial, which is only a few kilometres away, and then change the boundary between Lambton Central Centennial School and Dawn-Euphemia School to balance their enrolments?**

**Answer**

In the past the Board has never considered busing students from within a town or city to a neighbouring rural school. This is a suggestion that could be discussed at an ARC meeting.
