Historical Signing

On October 14, 2010 representatives from The Chippewas of Kettle and Stony Point First Nation and the Lambton Kent District School Board met at the Rosemary Wolfe Centre at North Lambton Secondary School to officially sign the Education Services Agreement between the two parties. The dreams and aspirations of all students will be strengthened and nurtured in a spirit of cooperation and mutual respect.

As mentioned at the celebration, this was an exciting historical event for the Board and really the province. It is the second agreement for our Board with one of our First Nation Partners. No other school board has been able to achieve this. Our thanks go out to former Director of Education Gayle Stucke, Trustee Bruce Stonefish, Superintendents Doey and Andruchow and the representatives from the Chippewas of Kettle and Stony Point First Nation.

The signing event was preceded by a very touching dedication of the Native student centre at North Lambton Secondary School in memory of Rosemary Wolfe, Native Counsellor at the school for many years. Rosemary advocated for positive and healthy relationships between all school community members as a way to support Native students and their families. Most of Rosemary's family was present for the dedication ceremony.
