Every Student, Every Day

Greetings from China!

Chair of the Board Carmen McGregor and I are near the end of our business trip to Hong Kong and China. The goals of the trip are to build on our existing relationships with our education partners here while exploring the possibilities of expanding our International Education initiative. To that end we have been travelling extensively throughout the area revisiting contacts established on previous trips and creating new ones.

We have met many people here including representatives from the Jiangsu province; this province has a formal relationship with the Ontario Ministry of Education with the intent to establish sister schools, joint summer camps and possible exchanges with schools in Ontario. This picture is of Chair McGregor and Li Fang, the Head of Jiangsu International School Development who met with us and expressed interest in assisting us with possible program expansion. We have also met with Canadian embassy officials who have established an Ontario Trade and Commerce group in Beijing to assist Ontario organizations in working with Chinese partners.
