

# Why eLearning?

## **LKDSB** provides eLearning courses for a variety of reasons:

- 1. Your school may not offer the course, but it is required for graduation or a post secondary program**
- 2. The course will not fit into your timetable**
- 3. It is a great opportunity to experience an online course. Many post secondary institutions offer eLearning as part of their programs. The workplace regularly use online courses for both job orientation and career training of employees.**

### **Support:**

**Every eLearning course is taught by a qualified teacher employed by LKDSB. Our eLearning initiative is also supported by a Program Consultant, a Principal and a Superintendent.**

### **Curriculum:**

**The Ministry of Education provides support, leadership, training, courses and resources including the eLearning classroom through eLearning Ontario.**
