Brian McKay Named Superintendent of Business

Brian McKay will be joining the Lambton Kent District School Board's Senior Team as the new Superintendent of Business and Treasurer of Board as of June 1, 2015. Brian takes over for Ron Andruchow who has served as the Superintendent of Business and Treasurer for the Board since 1998. Ron joined the predecessor Lambton County Board of Education in 1989 as the Manager of Facilities, Planning and Operations.

Director Costello stated, "On behalf of the Board, I would like to thank Ron for his years of dedicated service guiding the financial decisions of the Board as well as the major capital projects. Under Ron's direction, the Board has achieved balanced budgets in difficult financial climates with declining enrolment. The additions at Queen Elizabeth II Public School in Petrolia and Naahii Ridge Public School in Ridgetown are fine examples of his progressive influence on our capital projects."

Brian is the current Director of Finance and City Treasurer for the City of Sarnia. He brings many years of financial experience and leadership to his new role. He has extensive business experience in public sector and corporate accounting environments. He is a Chartered Accountant.

"The members of our Senior Team are very excited to have Brian join us," remarked Director Costello. "Brian's financial experience will provide stable leadership for the Board and bring another perspective to our collective effort to enhance student engagement opportunities for *Every Student, Every Day*."
