

April 30, 2014      Transition committee report – Memorabilia

DA Gordon memorabilia is complete to date – for the “Homecoming” last Sat.

It’s now organized by decades

Photos of plaques, yearly awards done

DA plaques for current awards (principal’s award, athlete of the year etc) are fairly new and could be converted to “new school” awards if grad teachers so choose

Museum not having any luck with a curator as of yet – most likely not able to take all the large plaques, no wall space and no storage. – still a wait and see what we have and what there is room for.

If there is really no room for large plaques then award name and name plates could be removed and kept boxed instead of on a large plaque.

Open to suggestions of where they could go – town hall? Board offices?
