We appreciate everyone's patience while we come up with a plan on how to bring our language into CKSS.</li> <li>- Our office has been able to obtain funding through the Association of Iroquois and Allied Indians/Ministry of Education Mental Health to purchase 45 Kajeet Smart Spots. These are portable devices and use cellular signals. These devices will be provided to each household in the community that have students.</li> <li>- It is with a heavy heart that we say "laapiichkeneewul" to our partner Kari Aubertin. Kari could always be counted on to answer any questions we had and to offer any suggestions that would assist in the learning and success of our students. Always with a kind smile and positive attitude we knew that Kari was a strong support for our students and our community. We will miss her dearly.</li> </ul> <p>We were able to meet Paul Beasley, this week and we look forward to working with him. Having taught at Naahii Ridge previously it was comforting to hear that he has knowledge of our community. What has sounded like a very</p>

We are planning to be up and running for September and we will be using a portable classroom for this. We have developed curriculum plans around 'Three Sisters Garden'. We rolled this out a week ago and were able to take the students to the greenhouse to link the curriculum to this. We will be creating short videos of the students planting seeds to include in our curriculum.
