

Return to In-Person Learning Checklist

We look forward to welcoming students for in-person learning. The plan for a safe operation of schools is a shared responsibility between Lambton Kent District School Board staff, local Public Health, family households, students, and Chatham-Kent Lambton Administrative School Services (CLASS). Together, we will continue to support a safe return to in-person learning for students and staff.

Below are a few items that you will want to keep in mind when preparing your child for the return to in-person learning:

- Complete and follow the directions of the [COVID-19 Daily School Screening Assessment Tool](#)
- At the start of the school day, secondary students will be required to verify completion of self-screening. This may be recorded verbally or through an online confirmation, as per the individual secondary school process.
- Masks are required for Grades 1-12 in school and on buses. [Practice wearing a mask](#) and bring extra masks (if possible).
- Practice [proper hand hygiene](#), respiratory etiquette and [physical distancing](#)
- Review [student transportation](#) guidelines
- Review [morning arrival routines](#)
- Bring your own device (either personal or LKDSB IT device, if applicable)
 - Please make sure to remove any personal information from LKDSB IT devices.
- Return school supplies and personal belongings, such as shoes, extra clothing, etc.
 - Limit to only necessary items to reduce the number of personal belongings at school. Make sure to label students' personal items.
- Bring a refillable water bottle (contact the school if your child does not have a water bottle)
- Bring a lunch
- Review the [information and resources for parents/guardians](#).
- Bring your smile – we look forward to seeing you!

Members of the school teams are available to support students and families prepare for the return to in-person learning. Parents and Guardians who believe their child may require mental health supports are encouraged to contact their school to discuss their concerns. [Click here for additional mental health and well-being resources](#).

Information is also available on [Chatham-Kent Public Health](#) and [Lambton Public Health](#) websites.

Contact your child's school if you have any further questions about the safe return to in-person learning at school.
