The OEN & date of birth you provided are not yet in our system.

If you made a typing error you can correct the numbers...

If not, you can still access our resources by creating a Temporary Student account.

When your board provides your OEN we will automatically convert you to a full student – full students are able to work with a tutor. Until then, you can use all the other resources.

How Homework Help Supports Ontario Students

INDEPENDENT LEARNING CENTRE
CENTRE D'ÉTUDES INDÉPENDANTES

We provide help with understanding math homework.

Site resources are available 24/7, enabling students to get help when they need it.

The Ask A Tutor Chat room enables students to get individualized help in an environment that is safe and anonymous, and even a little cool!

Tutors are available Sunday to Thursday 5:30 – 9:30 ET.

Tutor strategies **build on the student's strengths and skills** to help them gain **confidence and proficiency**. The students can watch the questions posed by their peers, and tag sessions they find helpful. All sessions, the student's own and those they have tagged are saved to the **virtual locker**. This provides students with another opportunity for learning and emphasizes that everyone has questions, and it's okay to ask for help.

Homework Help creates a **safety net for students** outside of the classroom, allowing them to challenge themselves with the knowledge that **they can get help if they need it**.
