FROM THE PRINCIPAL'S DESK

March was a busy month!

- Grade 8 grad & SK celebration pictures
- Sexual health classes for grade 5-8's.
- O.P.P. visited the grade 6 & 7's for the Kid's program.
- Students resumed getting off the bus in the mornings and going directly on the tarmac- it has been so good to see kids being able to spend time with their friends and get that fresh air upon arrival- lots of smiling faces for sure!
- FDK's were surprised with some new snow shovels

It has been so great to be able to have what we are used to happening in the school again!

Fundraisers started again- our students are trying to raise money for a gaga ball pit to be installed on the yard this spring.

A big thank you to those who supported our fundraisers. This month's fundraising was Ricco Foods and J.D. Sweid Foods and were successful one once again. They seem to be a favourite. Our profits have not yet been tallied and will be posted in the May Newsletter.

SCHOOL BUS INFO

We are in Zone 1. Bussing information is available at www.schoolbusinfo.com

Thank you for planning ahead and informing the office if you must pick up your child early for any reason so that we can avoid class interruptions.

APRIL WEATHER

April often brings rain showers and warmer weather. Please remember that unless it is raining, students are outside at recess. It is sometimes very handy to have rain boots and a jacket, as the tarmac can have puddles and sometimes the weather goes from warm to cool very quickly.

It is much easier to take a jacket off, than to try and stay warm when you don't have one.

Students are outside for 20 minutes twice daily at recess

and the wind really whips across the school yard making

many students wish they had a warmer coat with them.

EARTH MONTH

Earth Day is Friday, April 22nd this year.

On a year-round basis our classes participate in activities that help the Earth, however, April means heightened awareness of our obligation to protect the planet we live on. During the month of April, we will be focusing on doing our part to be environmentally friendly to the Earth. A representative from the library will be visiting our school to demonstrate maker space activities and coding with a variety of robots. All the activities will have an earth day theme.

SPRING PHOTOS

Mark your calendars as Lifetouch will return on Monday, April 25th for spring photos.

YEAR BOOKS

We recently sent out a survey to enquire if there was enough interest to warrant creating a yearbook this year. There is a minimum purchase requirement and in past years, we have had to pay for books that did not get sold. Unfortunately, there was not enough interest and therefore, we will not be creating a

yearbook for the entire school. The grade 6/7/8 class may choose to do something separately for the grade 8 graduates.

PARENT COUNCIL

There will be a parent council meeting on Thursday, April 14th at 6:00pm at the school. Directly following, at 7:00 pm there will be a grade 8 parent grad meeting for those who wish to attend. (optional)

Wishing everyone a wonderful spring and Happy Easter.

Mrs. J. Morrison,
Principal
