June 16, 2021

Dear Parent/Guardian,

We are pleased to announce that we will have the opportunity for students to come together as a class and retrieve their personal belongings from their classrooms. The purpose of providing an end-of-year on-site opportunity for each homeroom class is for students to have an opportunity for closure and connection with their fellow students in their class. Participation is optional for families.

The classroom gathering and activities will take place outdoors with students (Gr. 1-8) wearing masks and staff wearing LKDSB provided PPE. Students are to complete the Ontario COVID-19 school and childcare screening (<https://covid-19.ontario.ca/school-screening/>) before attending. Hand hygiene and physical distancing will also be in effect. Student participation is to be noted by the teacher (present or not) for contact tracing purposes.

The list below provides further details for these scheduled days:

- **The final day of synchronous learning will be Thursday, June 24. For students attending on-site event on Thursday, June 24, the outdoor opportunity will serve as the synchronous learning time for the day.**
- Individual classes will be scheduled to attend the school for 45 minutes the morning of either Thursday, June 24th or Friday, June 25th
- Parents or guardians will need to drop students off and pick them up at the specified times. Any parents who choose to remain on site in the parking area will be asked to refrain from gathering and observe masking and social distancing protocols
- Students will enter the yard using their normal route to go to their regular entry door
- All student technology will be returned on this day (see instructions below)
- If a family is unable to come on the scheduled day, items can be picked up by making an appointment on Thursday or Friday afternoon. Monday will be available if required. Please call the school to make an appointment

Principal: Mr. T. Hayward

Secretary: Mrs. C. Broumpton

In the event of rain, we will use the covered walkways at the school to meet under and get items. The time of the gathering will be shortened to 15 -20 minutes due to lack of space. Social distancing protocols will still be observed.

Thursday, June 24

	Class 1	Class 2
9:30 -10:15	Gravelle	McPhail
10:45 – 11:30	Newport	Leckie

Friday, June 25

	Class 1	Class 2	Class 3
9:30 -10:15	Gordon	Landon	
10:45 – 11:30	Singh/Strangway	Barber	Rops

Return of Technology

On your child's day to attend, we are asking that their devices and power cords/charging devices be returned to the school. This includes all devices given out last year and this year including iPads, Chromebooks and Rocket Hubs. Any devices that are not returned will be locked remotely by our I.T. Department.

iPads may contain personal/private information and may retain logins to accounts, including personal accounts such as social media. Please ensure that any personal information is removed from the iPad (e.g. photos, videos, documents), and students sign out of any applications or websites where they may have an account.

Chromebooks are shared devices by design and do not hold personal information or logins, and so should not contain any personal/private information or retain login information.

Report Cards

Student report cards will be distributed on the day students attend the school. Any reports not picked up will be mailed Monday June 28th.
