

www.myBlueprint.ca

- Used by LKDSB Grade 7 – 12 students for:
 - Career Planning
 - Secondary School Course Selections
 - Post-secondary Research
 - Goal Setting
 - Resume Building

High School Planner

This section helps students plan their course selections and submit the information for approval. It also shows:

- A student's previously completed courses and marks.
- Allows students to plan future years and develop a pathway through high school.
- myBP recommends pathway options for students based on their course selections.

The screenshot displays a high school course planner interface. At the top left, a legend indicates: a green box for 'Course Completed', a blue box for 'Course Planned', and a red box for 'Missing Requirement'. The main area is a grid of courses organized by grade level (Grade 9 to Grade 12) and an 'Additional' column. Each course cell shows a mark (e.g., 80, 78, 77) and a course code (e.g., AMI101, ADA201, AMI3M1). The 'Grade 12' column is highlighted in yellow. A red box highlights the course TGI3M1, with a 'Guidance Message' pop-up that reads: 'Students should have success in Computer Technology (TEJ201) or Introduction to...'. To the right of the grid, there are 'Add Course' buttons for each row. At the bottom of the grid, there is an 'Add Row' button and a 'SUBMIT (STEP 1)' button. On the far right, a 'Graduation Indicator' section shows a progress bar with '16' and '14' in boxes, and '30/30' in a larger box, with '(30 Total Credits)' below it. A 'VIEW PROGRESS' button is also present. Below this, there is a dropdown menu for 'All Provinces' and a list of program counts: 'Apprenticeships 157', 'College Programs 4784', 'University Programs 3373', and 'Workplace Sectors 171'. A 'View Credit History' button is at the bottom right.

Grade 9	Grade 10	Grade 11	Grade 12	Additional
80 AMI101	78 ADA201	AMI3M1	ENG4U1	Add Course
80 BTT101	77 AMG201	ASM201	TGI3M1	Add Course

UPDATE COURSE IN PLAN

ENG4U1 - English
Prerequisites: [ENG3U8](#) or [ENG3U1](#)

This course emphasizes the consolidation of the literacy, communication, and critical and creative thinking skills necessary for success in academic and daily life. Students will analyse a range of challenging literary texts from various periods, countries, and cultures; interpret and evaluate informational and graphic texts; and create oral, written, and media texts in a variety of forms. An important focus will be on using academic language coherently and confidently, selecting the reading strategies best suited to particular texts and particular purposes for reading, and developing greater control in writing. The course is intended to prepare students for university, college, or the workplace.

<https://www.lkdsb.net/Secondary/CourseCalendar/Pages/GLSS.aspx>

Course Selection

- Once students have selected their courses they submit their information through myBP.
- Students have one more chance to review their selections before the process is finalized.
- myBP will notify the student of any issues or errors with their submission.
- Once a student finalizes their choices they will need to see a guidance counsellor to make any changes.
- Course selections are closed this year **on Thursday, March 7, 2019.**
- A Parent Approval Sheet will be sent home after March Break for parents to review and sign.

Submission Details

You are about to submit the following course selections to your school. Please review below and ensure you have received approval from your guidance counsellor for any courses missing a requirement.

[RETURN TO HIGH SCHOOL PLANNER \(DO NOT SUBMIT\)](#)

[CONFIRM AND PRINT \(STEP 2 OF 2\)](#)

Students selecting courses for **Grade 10**

- Important points to consider:
 - Students have 5 compulsory courses to take in grade 10:
 - English, Math, Science, History and Careers/Civics
 - Students will choose 3 elective courses:
 - See our Course Calendar for options
 - Opportunities for students to consider:
 - Specialist High Skills Major designations
 - Dual Credits
 - Cooperative Education (Co-op)
 - Ontario Youth Apprenticeship Program (OYAP)
 - Military Co-op

Students selecting courses for **Grade 11**

- Important points to consider:
 - Students have 2 compulsory courses to take in grade 11:
 - English and Math
 - Students will choose 6 elective courses:
 - See our Course Calendar for options
 - Students need to confirm they have earned the required prerequisite courses.
 - Students should also research and build a high school plan that includes the necessary required courses for admission into their post-secondary program of choice:
 - www.einfo.ca – University Research
 - www.ontariocolleges.ca – College Research

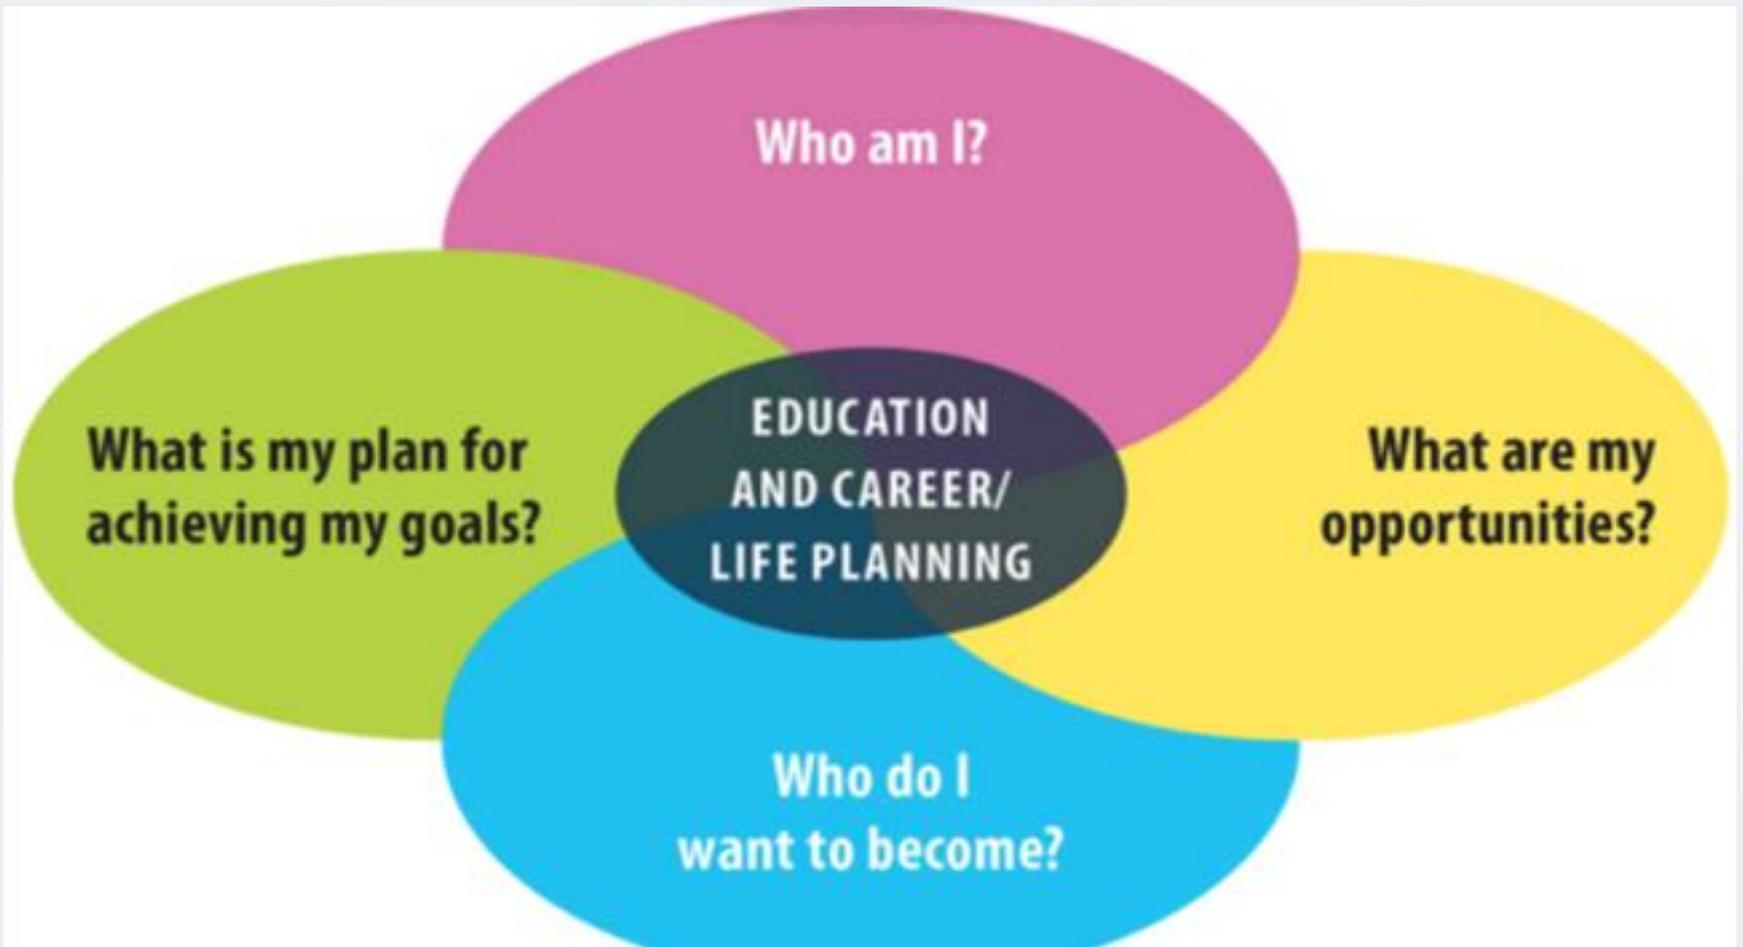

Students selecting courses for Grade 12

- Important points to consider:
 - Students have 1 compulsory course to take in grade 12:
 - English
 - Students will choose 7 elective courses:
 - See our Course Calendar for options
 - It is very important for students to confirm that they are meeting their graduation requirements:
 - 30 credits, Literacy requirement (OSSLT), 40 hours of community involvement.
 - To be eligible for an Ontario University, students must have a minimum of six grade 12 “U” or “M” level credits. Students must also confirm they have all required courses for their post-secondary program choices.

eLearning

- Many of our senior courses listed on our course calendar are available to students through e-learning.
- Students complete readings, assignments, tests and exams all on-line with the direction and guidance of a qualified teacher.
- Successful students will need to be self-motivated with good organizational and time management skills.
- A student's e-learning course would take the place of a class on their timetable.
- Students are required to log into their course daily for attendance purposes.
- A major benefit to students is the flexibility to complete their work from any location with internet access. Students may also choose to complete their class work during non-traditional school hours.

Pathways

APPRENTICESHIP:

How it works

An apprenticeship is a pathway to a rewarding career in the trades. As an apprentice, you take classes and learn your trade by working under the direction of experienced workers – and get paid while you do it.

It takes between two and five years to complete an apprenticeship. Once you're done, you get a Certificate of Apprenticeship that allows you to go for [the next level of certification](#) so you can get better pay and more jobs.

Get help and advice

Contact [Employment Ontario](#) or [find an apprenticeship office near you](#).

Explore the trades

You can work as a powerline technician, cook, horticultural technician, hairstylist or auto service technician or in one of more than [150 designated trades](#).

[Search and filter trades-related job profiles](#) to see what's in demand, how much you can earn, education requirements and more.

employer sponsors in 2016-17

in-class training sites

new jobs between 2017-2021 will be trades-related

How do you become an apprentice?

- Quick way to get started in one's work life.
- Find an employer in the Skilled Trades and learn the job under the supervision of a journeyperson.
- For most trades you work for a year, then switch to studying in-class for eight to 12 weeks, either full or part time. It takes between two and five years including two or three in-class sessions to complete an apprenticeship.
- After the apprentice completes the required # of hours or demonstrations of skill and schooling, they can then write a certification exam to become a licensed journeyperson

How do you apply to college?

- Students apply to college in the fall of their Grade 12 year with the support of the school. This past year, Lambton College paid the \$95 fee for every Great Lakes Secondary Student who applied.
- Students go to www.ontariocolleges.ca to create their accounts and select colleges and programs in which they are qualified and interested.

Let's work
together
to create a **community** where
everyone **belongs.**

Heading to the Workplace

All of our students aim to earn their O.S.S.D. and begin their adult life. If post-secondary education is not their pathway, we encourage our students to check out this or other workplace websites:

The screenshot shows the Workopolis website's search interface. At the top left is the Workopolis logo, followed by navigation links for "Browse Jobs", "Career Blog", and "Français". The main heading features the Workopolis logo and the tagline "Let's get to work". Below this are two search input fields: "Job title, keywords, or company" and "Location". The "Location" field contains the text "Sarnia, ON". To the right of these fields is a green "FIND JOBS" button. Below the "FIND JOBS" button is a link for "Advanced Job Search". At the bottom left, there is a link for "Hiring now? Post a job".

FINANCING POST-SECONDARY

Students learn about ways of finding financial aid in our Grade 12 post-secondary information session in the fall.

We ask all graduating students to complete a G.L.S.S. Student Profile to be considered for our school awards. More information can be found on our Board website.

Students are encouraged to complete the LKDSB Scholarship/Bursary Application forms to be eligible for any LKDSB awards (available in Student Services).

Additionally, students are reminded to research **their post-secondary Financial Aid websites** and other external agencies (www.yconic.com and www.scholarshipscanada.com).

FINANCING POST-SECONDARY (Cont.)

At this time, we are advertising for the YMCA Celebration of Youth Awards – with a March 22, 2019 deadline. See: http://ymcaswo.ca/p/612/l/629/orgid/22850/t/YMCA_Events_Media_Celebration_of_Youth

We also host an OSAP information session where we bring in a Financial Aid officer. We host this annually so that students understand how to make post-secondary school a reality with supports to make it affordable. This year's session is planned for Thursday, March 28 at 9:45 a.m. in our library.

To learn more about OSAP, students can visit the website: <https://www.ontario.ca/page/osap-ontario-student-assistance-program>

Lambton Kent
District School Board

Specialist High Skills Major

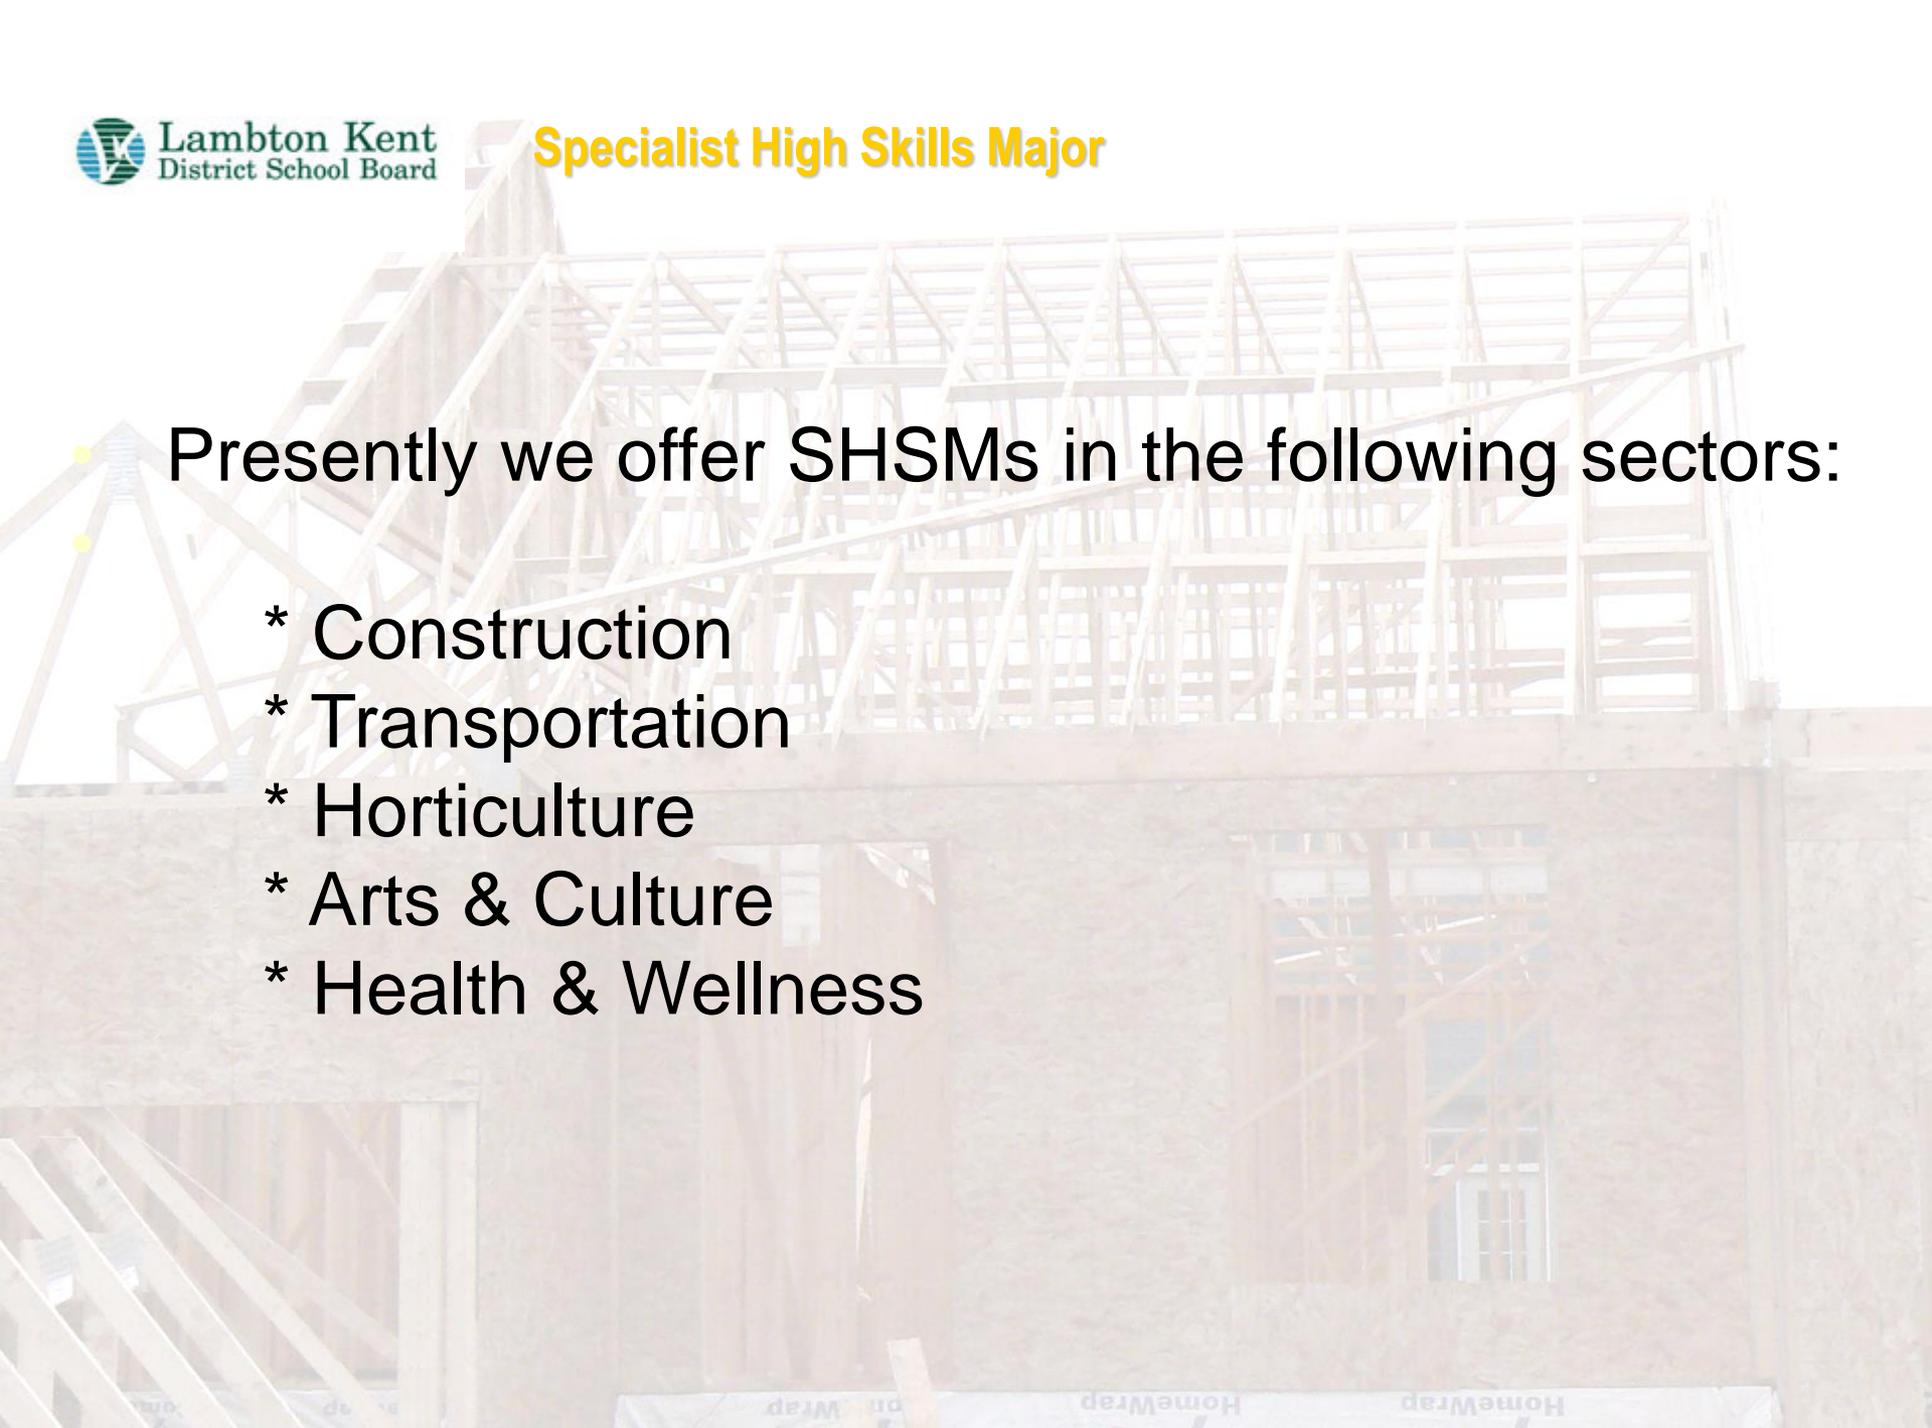

"Explore,
Identify and
Refine
Career
Goals"

What is an SHSM?

- A Ministry approved, specialized program
- Allows students to focus on knowledge, skills and experiences specific to certain economic sectors
- Offers industry-recognized certifications and training courses

- 
- Presently we offer SHSMs in the following sectors:
 - * Construction
 - * Transportation
 - * Horticulture
 - * Arts & Culture
 - * Health & Wellness

Major Components:

The framework for the Specialist High Skills Major has five required components:

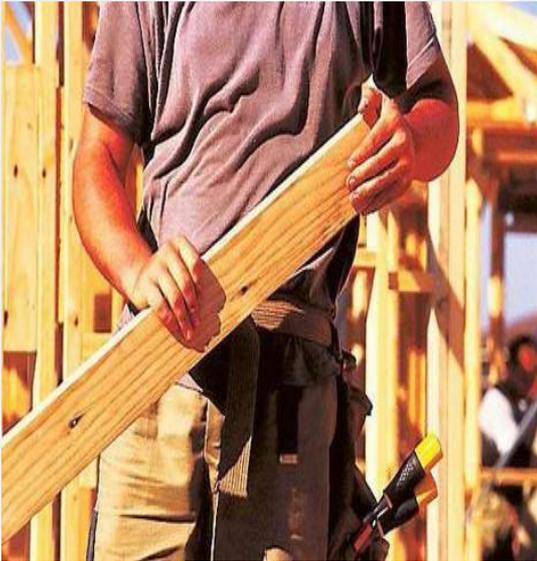

- 1. A bundle of 8 - 10 credits in grade 11 and grade 12 (including a two-credit co-op)**
- 2. Sector-recognized certifications and training courses**
- 3. Experiential learning activities (co-op) within the sector**
- 4. “Reach Ahead” experiences in the area of the student’s postsecondary destination of choice**
- 5. Development of essential skills and work habits required in the sector, with use of the Ontario Skills Passport (OSP) for purposes of documentation**

1. Bundled Credits:

- a) **Four grade 11 & 12 credits linked to the sector**
 - **Construction could include TCJ3C, TCJ4C, TDJ3M, & TDJ4M**
 - **A&C could include AVI3M, AVI4M, ADA3M & ADA4M**
- b) **A two-credit co-op in a related field**
- c) **A grade 11 or 12 Science or Business or Social Science (depending on sector)**
- d) **Contextualized Learning Activities (CLAs) within the regular English and Math classes that make a direct connection between those subjects and the sector.**

2. Sector-recognized certifications and training courses

- Enable students to acquire knowledge and skills related to safe work habits
- Provide students with an advantage when entering the workforce
- All sectors require completion of CPR Level C, Standard First Aid, and WHMIS,
- In addition, each sector will have four or five more certifications specific to that sector.

Certifications & Training:

Construction:

- Safe Propane Handling,
- Elevated Work Platforms
- Lockout/Tagout
- Scaffold Safety
- Working at Heights

Health & Wellness:

- Infection Control
- Safe Food Handling
- SafeTALK
- Ambulation
- Lifting & Transfers
- Behaviour Management

Certifications & Training:

Arts & Culture:

- Stage Combat,
- Framing & Matting
- Make-Up/Cosmetology
- Art Therapy

Transportation:

- Vehicle Lift Safety
- Environmental Spills
- Safe Propane Handling

Horticulture:

- Plant Identification
- Herbicides & Pesticides
- Plant Layout

3. Experiential Learning Opportunities (Co-op)

- Planned learning experiences that take place outside of the traditional classroom setting
- Allow students to connect their learning in school to work in the sector
- Students earn 2 or 4 credits towards their OSSD.

4. “Reach Ahead” Experiences

- opportunities for learning experiences directly related to the student’s desired postsecondary destination
- enable students to gain confidence and make an informed choice about future careers and next steps
- Opportunities could include:
 - job-shadowing someone for a day or more in a career the student is considering
 - a field trip to a college or university in their area of interest
 - attending an SHSM conference or workshop
 - completing a ministry-approved dual credit course or program or apprenticeship training

5. Development of Essential Skills and work habits required in the sector, using the Ontario Skills Passport (OSP)

- skills that are transferable from school to work, job to job, and sector to sector
- at co-op and at school, students work at developing those skills identified as being critical for success in the workplace that enable people to perform tasks required in their jobs including:
 - Computer Use
 - Communication
 - Money Math
 - Scheduling / Budgeting / Accounting
 - Measurement and Calculation

Available Postsecondary Scholarships & Awards for SHSM Red Seal Grads:

Brock University: \$500

Niagara College: \$1000

Guelph-Humber: \$500

**Ontario Agricultural College:
\$1000**

King's College – UWO: \$250

Trent University: \$2000

Lakehead: \$500

University of Guelph: \$1000

How Do I Get Into an SHSM program?

- **Students are often referred by classroom teacher**
- **Guidance counselors can identify students and contact them**
- **Students can do self-referrals to Student Services or indicate their interest via MyBlueprint.**
- **Entry into the SHSM program is generally done at the end of grade 10 or at the beginning of grade 11. Only grade 11 and 12 credits count towards SHSM requirements.**
- **There is no cost for students in the SHSM program.**
- **All activities take place during the school day. Students are still responsible for work missed in other classes due to field trips or training.**

Co-operative Education

Introduction

Co-operative Education means:

- Experiential Learning = “Hands on” learning
- The student spends half a day or a full day at the work place
- The student earns two credits for the completion of 220 hours plus assignments completed

or

- four credits for 440 hours completed as well as in-class assignments.

Goals of co-op

- Will allow students to apply in-school learning to the world of work and explore potential career choices
- Will allow students to test drive a career.

What do you get from this experience?

- Work experience
- Work skills
- Career investigation
- Employability skills
- Dealing with employers and employees in the work place
- Link between the theory that is taught at school and what occurs in the work place.

Program Components

Pre Placement:

- In-class component first two weeks of semester.
- Resumes and cover letters
- Interviews
- Health and Safety in the work place
- Legislation laws and Employment Standards
- WHMIS and Worker Health & Safety training
- Workplace basics and ethics
- Placements finalized

Program Components (con't)

- **Work Placement-** Students start work at the placement Monday to Friday until the end of the semester
- **Reflection and Integration Days** – Students return to the classroom periodically to engage in activities designed to make them analyze their co-op experience (i.e. what they like/don't like, what they're good at or need to improve, etc.)
- **Culminating Activity** - Career Fair Presentation, Portfolio and Final Reflective Paper

Monitoring

- The Co-op teacher will visit the student at the placement to discuss their learning and progress
- Students will be monitored regularly throughout the semester

Possible Placements

- Law firm
- Vet clinic
- Elementary schools
- Restaurants
- Hospitals
- Hair salons
- Automotive
- Graphic design
- Dentists

- Physiotherapy
- Pet grooming
- Construction
- Manufacturing
- Automotive
- Computer technician
- Daycares
- etc.

OYAP

ONTARIO YOUTH APPRENTICESHIP PROGRAM

- The Ontario Youth Apprenticeship program (OYAP) allows a high school student to begin their apprenticeship while still in high school, earning apprenticeship hours and credits towards their diploma at the same time with no delay in their graduation!
- Students in the SHSM will be given the opportunity to sign up for an apprenticeship so that all of their hours and skills learned will be applied to their certification in the skilled trade of their choice.

Possible OYAP sectors include:

- Automotive technician
- Cook
- Early Childhood educator
- Hair stylist
- Industrial millwright / machinist
- Electrician

Military Co-op

- Students must be in at least grade 11 to participate.
- Students will be scheduled in an all day (4 credit) co-op for second semester. Students will report to the Sarnia Armouries from Feb – June and some activities take place at night and on weekends.
- All of the student's compulsory courses must be scheduled into semester 1.
- Students will complete their Canadian Military Basic Training requirements throughout the semester.
- Students will be paid for their time by the Canadian Military.
- The formal application process begins in June the year prior to the placement when students complete a physical fitness test and an aptitude test administered by the Canadian Military.

The Lambton Kent District School Board is pleased to offer senior students (those in grades 11 or 12) who qualify, the opportunity to enroll in college-level courses which will provide them with both a college credit and high school credit upon completion. This unique arrangement allows students the chance to experience life and learning in a college environment.

DUAL CREDIT PROGRAMS

Policy and Program Requirements

The dual credit program was introduced in Ontario schools in 2005 as part of the ministry's Student Success strategy. The program represented one of several new learning opportunities provided through the strategy that would enable students to build on their strengths and interests in school and get a head start on their postsecondary education and training.

2013

<http://www.edu.gov.on.ca/eng/teachers/studentsuccess/DualCreditPro.pdf>

How Dual Credit Works

1. Applications for Dual Credit become available in May for first semester programs and then in November for second semester programs.
2. Students complete the application form, get it signed by a parent (if under 18), and then our Student Success Team reviews each application to decide if the candidate will be approved.
3. Applications are sent to the LKDSB Special Projects teacher and, if space exists in the program, the student is placed in the course(s).

Lambton College Partnership

- Students earn a high school credit for participation in the 15 week program that runs for one day a week (3 hour class)
- Students also earn a college credit (hence, Dual Credit) which can either replace a first year course related to the program or be used as a Gen Ed credit which are required in each college program

THE SCHEDULE

Lambton College offers dual credit courses during the following blocks:

Thursdays:

- 9:30 am—12:30 pm
- 12:30 pm—3:30 pm

Fridays:

- 9:30 am—12:30 pm
- 12:30 pm—3:30 pm

Students may select either one or two dual credit course each semester. If the student selects two, he or she must select them on the same day (Thurs or Fri.)

Courses

- Arboriculture & Chainsaw Practices
- Bakeshop Applications
- Criminology
- Digital Photography Techniques
- Diversity Issues in Policing
- E-Sports—Live Stream Programming
- Introduction to Mental Health
- Introduction to ECE
- Introduction to Electrical Installations
- Introduction to Millwright
- Make-Up Artistry & Application
- Manicures
- Personal Wellness
- Renovation Tools & Techniques
- Styling & Cutting Techniques
- Supporting People with Developmental Disabilities
- The Great Outdoors
- Welding

Most courses are available both semesters. Courses offerings are subject to change.

DUAL CREDIT COURSES AND PATHWAYS TO LAMBTON COLLEGE

Course Name	College Course Code	Secondary Course Code	Type	Pathway	Converts to LC Credit in Program
Arboriculture & Chainsaw Practices	AAT 1103	TZE4T	Tech	Apprenticeship Credit	Arborist Apprenticeship

Criminology	CJP 1203	HCC4T	Text	College Credit	Police Foundations Program and the Protection, Security and Investigation Program
Diversity Issues in Policing (Issues in Diversity)	CJP 1103	JFF4T	Text	College Credit	Police Foundations Program and the Protection, Security and Investigation Program
Supporting People with Developmental Disabilities	DSW 1233	PHK4T	Text	College Credit	Developmental Services Worker and Developmental Disabilities Programs
Intro to ECE - Play 1: Music, Art, Drama and Movement	ECE 1164	TOB4T	Text	College Credit	Early Childhood Education Program

Course Name	College Course Code	Secondary Course Code	Type	Pathway	Converts to LC Credit in Program
The Great Outdoors: Environmental Sustainability and Outdoors Adventure	ENV 1103	PAA4T	Text	General Education Elective	Gen Ed that can be used as an elective in most Lambton College programs
Introduction to Community Mental Health	HGD 1053	HIB4T	Text	General Education Elective	This is a general education elective that can be used in most programs at Lambton College and is also a course in our Community Mental Health Multidiscipline Ontario Graduate Certificate Program
Personal Wellness	PED 1073	PPI4T	Text	General Education Elective	This is a general education elective that can be used in most programs at Lambton College.
Introduction to Millwright **NEW**	IMT 9003	TBA	Tech	College Credit	Pre-Technology Program
Intro to Residential Electrical Installations	ELC 1053	TND4T	Tech	College Credit	Doesn't convert to a college program but gives students an introduction into a career as an electrician
Styling and Cutting Techniques	HAIR 0043	TXE4T	Tech	Intro Course	Doesn't convert to a college program but gives students an introduction into a career as a hair stylist
Live Stream Programming **NEW**	ESA 1043	TBA	Text	College Credit	Esports Entrepreneurship & Administration

There is **no cost** to participate in this program. **Transportation** is included to and from the college.

Weekly **attendance** is mandatory for success. Students missing more than 3 classes will not earn the dual credits. Regular daily G.L.S.S. attendance is mandatory in order to remain in the dual credit program. We have developed a 3-strike system to ensure students are not falling behind in their G.L.S.S. courses because they will be missing regular class time on their dual credit days.

Summer Dual Credit

Lambton College has developed a two-week Dual Credit summer program. This program is available for a student requiring one high school credit to graduate. The nine day (six hours/day) program in PHOTOGRAPHY or BAKING takes place in the first two weeks of July. This is a limited enrollment program and, as such, is competitive for admission.
