

# May 2024 Newsletter

## From the office

We are so happy to see the return of warm temperatures and longer days. As the temperature continues to climb, students may be starting to spend more time outside learning. Please send them with appropriate clothing, and footwear to keep them sun safe and comfortable.

As the end of the school year approaches, class field trips are beginning. Watch for any associated cost added to school cash online.

We look forward to all the special opportunities that await our Kings in the coming months.

## Home & School Association

King George Home & School Association is a registered charity and as such we volunteer at Riverview Gaming Centre to earn money for the school. As a volunteer you can earn Kings Kash which is “school money” that can be earned by parents or teachers who volunteer at our monthly bingos. Parents can use this “money” to pay for school programs (such as the lunch program, field trips, yearbooks or spirit wear for your child) or donate it back to a teacher to be used for classroom activities and supplies.

If you have any questions about our Kings Kash program or would like to become involved in volunteering please contact the school.
