September 13, 2019

Dear Grades 1 and 2 Parents/Guardians,

Due to our student enrolment numbers in Grade 2 being slightly larger than originally projected due to student moves, etc. we have had to readjust our Grade 1 and Grade 2 classes slightly in order to meet the required Ministry of Education primary cap and class size requirements. As such, we had to create a new class organization at Plympton-Wyoming Public School in Grade 1. The result is that Mrs. Shain's current Grade 1 class will now become a Grade 1/2 class with a very small number of students from Mrs. Janzen's current Grade 2 class moving to Mrs. Shain's new Grade 1/2 class. I apologize as I know that students were given their tentative 2019-2020 classroom teacher in June. I also apologize for the disruption and inconvenience that this will undoubtedly cause for a few students and their families. **All students changing classrooms have been individually notified of the change and will report to their new classroom first thing in the morning on Monday, September 16.**

I realize that and acknowledge that this is a difficult process, and again apologize for the disruption and/or hard feelings that it may cause for both your child and for your family. Best efforts have been attempted to place all students in the most appropriate classroom within our new class organization. Please realize that this is also an extremely difficult process for us to have to go through as a staff.

I appreciate your patience, cooperation and understanding during this difficult reorganization process, and for your support in helping your child adjust to these necessary changes. I look forward to an educationally sound and productive year for your child.

Sincerely,

Mr. A. Parnham
Principal
