Connection • Awareness • Prevention

We welcome you to join your community's multi-service child protection, children's mental health and development agency for a warm and relaxed evening.

We look forward to letting you know what is available at Chatham-Kent Children's Services to help strengthen children and families for a better future.

We are excited to offer some fun activities for your children and a chance for their loving adults to learn more about what we have to offer.

Together, with our Chatham-Kent families and community partners, we strive to raise awareness, end stigmas and extend kind, meaningful services that will make a difference for families.
