Funding

OSAP applications open in May for September 2018 start. We will host an information session in May to learn about how to apply for OSAP if you are planning to go to college or university next fall. For all going to post-secondary, we recommend that students complete the LKDSB Scholarship and Bursary application forms, available in Student Services in May. The deadline to apply and potentially win money with these is Friday, June 1.

Can you please describe your living arrangements:

Whom do you live with? _____

Where do your guardians work? _____

What do they do? _____

Are you eligible for scholarships through a family member's employer? Circle: Yes No

If you believe that you are in need for financial assistance for post-secondary, can you please explain why here:

Is your family income below \$75,000? Do you intend to apply for OSAP?

(this indicates a need for the Board committee in terms of bursary allocations)

In order to be eligible for some school and LKDSB awards, it is necessary to learn more about you as a student and community member. Please complete the table on the reverse side and attach any other information that might help us to know you better and help you with your post-secondary research and funding.
